

ERYTESSE™
Erythritol

A SWEET SOLUTION WITHOUT THE COMPROMISE

ERYTESSE™ Erythritol is a zero-calorie¹ bulking sweetener that provides a sugar-like taste profile with 70% of the sweetness.*

¹ Regnat K, et al. Appl Microbiol Biotechnol. 2018 Jan;102(2):587-595.

*Erythritol is 0 kcal/g, this isn't accepted by some countries. The applicability of label claims and the regulatory and intellectual property status of our ingredients varies by jurisdiction. You should obtain your own advice regarding all legal and regulatory aspects of our ingredients and their usage in your own products to determine suitability for your particular purposes, claims, freedom to operate, labeling or specific applications in any particular jurisdiction.

ERYTESSE™
Erythritol

- Tastes just like sugar
- Zero calories
- Adds bulk and texture
- Depresses freezing point in frozen products
- Can be used in combination with high potency sweeteners

Suitable for people with diabetes

Does not raise blood glucose or insulin levels when consumed by healthy individuals or people with type 2 diabetes.¹

Good digestive tolerance

Studies have shown good tolerance at GRAS² inclusion levels when consumed throughout the day by adults and children.³

ERYTESSE™ can be used in a range of applications

- Beverage
- Dairy
- Confectionery
- Nutrition
